**MEMORANDUM FOR: Director of Development and Procurement, DPS/DCI**

**SUBJECT : Air Force Equipment in Use by ITEK**

1. I am passing you herewith papers left with me by Dick Leghorn. I had several times mentioned to Dick that his retention with our help of various items of Air Force equipment originally acquired for the 461L program was causing unfavorable comments of his company and might give rise to some suspicion of his participation in other reconnaissance programs. He has assured me orally and in this letter gives written assurance that he is taking vigorous action to regularize his position. I believe his letter is of some value to us since it enables us if the need arises to assure Air Force components that this matter is being dealt with and will not require emergency handling much longer.

2. Will you keep this material and make such use of it as you deem advisable.

  
RICHARD M. BISSELL, JR.
